

CUT TOP MANAGERS' PAY BY 20%, NOT FRONTLINE STAFF

Top Council Managers, NHS Directors, University Bosses should have their salaries reduced by 20% before they propose massive cuts to the services they control.

Some of these individuals have salaries higher than **£200,000** a year, with pension pots of over a million pounds. There is a **huge disparity** in pay levels from those at the top to those at the bottom. Yet these individuals are protecting their salaries whilst proposing significant funding cuts to frontline services. **Do you earn** anything close to **£200,000** a year? **Why** should these government employees keep their **ridiculously high salaries** when they propose **massive cuts** to our services?

Help the Workers of England Union **PROTECT OUR SERVICES** by demanding that **Top Managers' pay is reduced by 20%....** just think of the saving. Go to our website and read more, you will be shocked!
